1. The bid from Paul Fitzpatrick, was reviewed, and a motion made and seconded to accept the Bid, and have Paul Fitzpatrick begin the fence. Motion passed.
 - a. Yvonne will submit the bid request (\$2300) to the Selectmen for approval.
 - b. Becki will contact Paul after the approval,
 - i. Paul will need to complete a W-9 for the Town, and also send in proof of liability insurance, naming the Town as additionally insured, before he can begin the project.
 - c. The fence installation will include clearing/cleaning the area of brush, concrete posts with rebar, metal rods from post to post, and gateway.
 - i. NOTE: Tree stumps will not be pulled up as the size and depth of the roots, when pulled, could damage the graves, and ground.
2. Franklin School Electrical Work - After discussion it was decided to have SMR complete the following:
 - a. Wire the ceiling for 4 lights; we have two, need to get two more. Does not need to be working.
 - b. Install plug strips under chalk rails, and these are to be connected to the circuit breakers so we will have electricity.
 - c. Wire over to front hall way, but do not install a light. Need to look for a 1950's style light.
 - d. Switch for lights.
 - e. Franklin School Hallway- It was decided not to lower the ceiling in the hallway at this time. It will need to be looked into further to see how we could replace the tin ceiling, and not harm the trim boards. Also we need to research and acquire an age appropriate light for the hall way.
3. FaceBook _ Yvonne explained how she and John were removed from the "Friends of Dayton Historical Preservation Committee" when we didn't know we were administrators. Yvonne will contact FaceBook directly with questions about this page.
4. Al Mullett has a teacher's desk, Yvonne will call Al and go take pictures of the desk.
